IMPACT STORY OF THE MONTH

Transformative Impact of Career Counselling **Program on English Language Skills**

Hello, I am Ishali Sarang Kadam, a 9th grade student from Rasta Peth School, Pune. In our school, Y4D Foundation and Altimetrik India Pvt Ltd have been helping us with career counselling. One important part of this program is the language skill development sessions, especially focusing on spoken English. Before these sessions, I was not able to speak English properly, but with the help of my classmates and the organized classes, I feel much more confident in speaking and learning English. I've also noticed that my grammar has gotten better, plus, I understand English much better than before. I want to thank Y4D Foundation and Altimetrik for leading this program. It has really boosted my confidence and skills in English.

In order to make a positive social impact on the lives of our fellow citizens and jointly contribute to the UN SDGs, **Y4D Foundation looks forward to establishing effective CSR partnerships** in the thematic areas of Education, Skill Training, and Environment Sustainability & Health.
